PGI SAFETY OFFICER TRAINING 2023

On January 19, 2015, the Public Safety Office has established the Safety Officer System of the Provincial Capitol wherein each Department designated 4 Safety Officers; The Primary Safety Officer (SO1), Secondary Safety Officer (SO2), Tertiary Safety Officer (SO3); and Quaternary Safety Officer (SO4). Each of the Safety Officers mentioned was given a specific task and responsibilities that will be performed on a daily basis while at work and evacuation protocols to be implemented during Quarterly National Simultaneous Earthquake Drills and if a real earthquake will strike.

The Earthquake Emergency Evacuation Procedure/Protocol helps them to perform their jobs as Safety Officer during drills and natural emergencies. As part of their responsibilities, each Department's Safety Officer identifies the Primary, Secondary and Tertiary EXIT ROUTE that will be used to EXIT if there is an earthquake, fire or any calamity.

The Safety Officer System is proven to be effective as it served its purpose during actual events within the Provincial Capitol specially during the COVID-19 pandemic. Its goal is to keep all the PGI employees, clients/visitors as safe in any cases of emergency during the evacuation of the capitol.

It is deemed necessary that Safety Officers were re-certified and attended a 7-days refresher course which undergone Basic Life Support, First-Aid, Cardio-Pulmonary Resuscitation, Safety Officer System

Lecture, Emergency Evacuation, Fire Suppression lecture and Bomb Threat Handling. Lecturers were from the PDRRMO, PSO, BFP and Provincial Explosive Ordnance and Canine Unit (PNP-PECU).

On the first day of training, the PSO welcomed the participants and discussed the Safety Officer system followed by the inspirational message of the Provincial Administrator to further educate and enhance their self confidence in performing their duties and responsibilities as Safety Officers. The BFP discussed the Fire Safety and Fire Suppression demo while the PNP-PECU discussed the Bomb Threat Management. It was noted on the first batch of training the Execution of the Duck Cover and Hold technique.

The 2 day Safety Officer Basic Course were mostly held at the GFNDy Hall from 8am-5pm with the PDRRMO Lobby and the Queen Isabela Park as alternate venue for demonstrations. The 2nd batch of Safety Officer training was held on September 21-22, 2023; batch 3 was on September 26-27, 2023; 4th batch was held on September 28-29, 2023; batch 5 training held on October 3-4, 2023; batch 6 was on October 5-6, 2023, and the last batch was on October 10-11, 2023 held at the PDRRM lobby.
