The Province of Isabela took a significant leap towards advancing the welfare of its citizens on March 19, 2024, as it became the beneficiary of the LAB FOR ALL Program initiated by First Lady Atty. Liza Araneta Marcos. This groundbreaking program, formally known as Laboratorio, Konsulta, at Gamot Para Sa Lahat, aims to bring essential healthcare services directly to Filipinos nationwide.

The Public Safety Office, led by Public Order and Safety Officer Kim Patrick G. Agbayani, played a crucial role in ensuring the success of the program's implementation in Isabela. The office attended a series of coordination meetings and implemented public safety protocols, particularly during the First Lady's visit. Their efforts were instrumental in maintaining order and safety, especially in terms of parking assistance and crowd control.

The LAB FOR ALL Program is a shining example of the Marcos Administration's commitment to the health and wellbeing of all Filipinos. By partnering with government agencies and private sector organizations, the program demonstrates a whole-of-government and whole-of-nation approach to addressing the medical needs of the Filipino people.

# MOTORCYCLE ENDURANCE: IMPLEMENTATION OF ROAD SAFETY LAWS AND ORDINANCES

The Public Safety Office of Isabela Province has demonstrated exemplary commitment to safeguarding its citizens, particularly in enforcing road safety regulations. Led by Public Order and Safety Officer Kim Patrick G. Agbayani, the office conducted inspections and established checkpoints in various towns and cities on April 14, 2024, during the “A Scooter Motorcycle Endurance event. This non-coordinated event, involving over 800 participants, posed significant risks due to excessive speed and noisy mufflers.

### Key Concerns and Actions:

- Unregistered Vehicles: Multiple participants were apprehended for operating unregistered motorcycles, lacking official receipts (OR) and certificates of registration (CR), and driving with expired licenses.
- Speed Limit Enforcement: Checkpoints helped monitor and control speeds, mitigating potential accidents.
- Noisy Mufflers: The office addressed concerns about excessive noise pollution.

In contrast, the **Burgos Eco Tour** on May 16, 2024, also involving a motorcycle endurance challenge showcased effective coordination between event organizers and the Public Safety Office. This collaboration ensured seamless deployment of personnel and assistance to participants, guaranteeing adherence to public safety protocols.

Another “Motorcycle Endurance Challenge” on December 8, 2024, which attempted to pass through Isabela without coordination, prompted the Public Safety Office to conduct random checkpoints. This proactive approach led to the apprehension of two violators for over-speeding and operating unregistered motorcycles.

These efforts by the Public Safety Office are grounded in the implementation of current laws and ordinances for road safety, specifically Executive Order No. 18 and Republic Act 4136 of the Land Transportation Office. These measures aim to ensure

public safety, prevent accidents, and promote responsible driving practices.

The Public Safety Office's proactive stance on road safety serves as a model for other local governments. By enforcing regulations, engaging with event organizers, and educating the public, Isabela Province demonstrates its commitment to protecting its citizens and visitors.

# NATIONAL SIMULTANEOUS EARTHQUAKE DRILL

On March 22, 2024, The Public Safety Office participated in the **1st Quarter National Simultaneous Earthquake Drill**.
